

Wakesurfers

RONIX

Cortez

Cat.	Level Pro	1 Year Warranty
RRP Price		Board Sizes:
\$549 \$499	Beginner	4'8" 5'4"

Swallow tail designed with toes on the nose stability, front side airs off the lip performance and big cutbacks on the wake. Wakeboard durability, with surf constructed. The 4' 8" is perfect for riders looking at a performance deck on mid-to-large size freshwater barrels. The bigger 5' 4" is for riders looking for a freshwater surf experience even with smaller boat wakes.

HYPERLITE

Coex

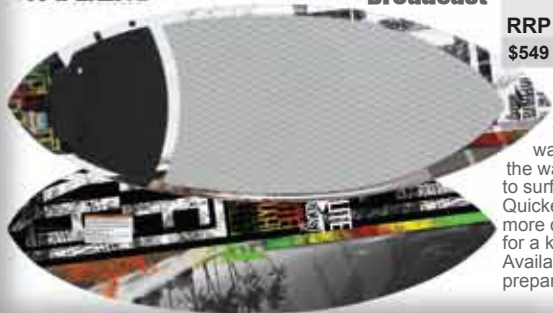

Cat.	Level Pro	2 Year Warranty
RRP Price		Board Sizes:
\$549 \$499	Beginner	4'4"

Hyperlite's smallest performer has a stomp pad and a concave for more board control whether a rider is coming out of a bottom turn or snapping off the wake for a front side air. A softer, thicker rail gives the rider more of a surfy feel. Even with its small stature the Coex can still be surfed by bigger riders because it sits higher in the water than most other decks.

HYPERLITE

Broadcast

Cat.	Level Pro	2 Year Warranty
RRP Price		Board Sizes:
\$549 \$499	Beginner	4'8" 5'4"

Broadcast boards are crafted with more of a traditional wakeboard rail for a deeper ride in the water. Preferred by riders that want to surf the way they wakeboard. Quicker reacting, harder edging with more of a centred weight distribution for a knifing style of bottom turn. Available in two sizes with a fast rocker prepared for the endless summer.

RONIX

Koal

Cat.	Level Pro	1 Year Warranty
RRP Price		Board Sizes:
\$809 \$729	Beginner	4'6" 5'0" 5'6"

A high end line of fast gliding surf constructed decks for us freshies. The past eight years of designing wake surfboards has resulted in Ronix's most high end line of carvers inspired by our favourite fish profiled board. This speedy shape rides higher on the water with a fuller profile and a more buoyant core. A swallow tail shape with three fins designed with one function to go fast.

Hyperlite

Hazard

Cat.	Level Pro	1 Year Warranty
RRP Price		Board Sizes:
\$889 \$799	Beginner	4'8" 5'4"

This ripper can be used as a single, dual, or quad fin set-up, allowing a rider to customise it specifically for their style or ability. The Hazard's blended rocker line locks into the sweet spot of the curl and is fast and responsive enough to accommodate a wide array of body weights.
