Kneeboards

Radica

O'BRIEN

Blending wakeboard and water-ski element to bring levels of performance previously unheard of at this price. Wakeboard styled quad, cupped moulded fins make edging and carving a breeze, while allowing release for spin type tricks. The water-ski influenced edge bevel helps the board sit low in the water for stability and allows quick edge to edge transitions. Has a built-in handle hook.

\$229 ~~\$199~~
1 Year Warranty

Proton

BO-SKIS

The Proton is a twin tipped diamond shaped kneeboard with a thin profile and a continuous rocker for insane shredding at any ability level. Our cushy orthotic kneepad and flex zone belt strap will keep you in place on the deck and feeling good. For optimal control engage the Dual Option fin system and retract the fins for a looser feel. Getting started is easy with our pop up handle holder.

Freestyle

FUEL

Cat.
RRP Price
\$259 ~~\$229~~
1 Year Warranty

This starter board has deep moulded pad and wide neo lined strap, the handle hook on front makes sure beginners get up the first time, every-time.

Phantom

HYDRO FLIDE

Parabolic twin tip design, ultra-thin profile for quick response and huge lift off the wake. The Phantom features a 3" strap for total board control. Advanced, contoured EVA kneepad with reinforced toe area for comfort. Has the pop up handle holder, which you hook the handle on making deep water starts an ease.

Sonic

HYDRO FLIDE

Cat.
RRP Price
\$279 ~~\$249~~
1 Year Warranty

Our best selling social kneeboard with a pop up handle holder, which you hook the handle on making deep water starts an ease. The Sonic features a traditional V-shaped design with ultra-light construction, ultra thin profile for acceleration and pop off the wake, contoured EVA kneepad with deep knee wells, and a 3" padded strap.

Super Nova

JOBE

Cat.
RRP Price
\$439 ~~\$399~~
1 Year Warranty

With its PBT gloss top and padded strap the Super Nova is an easy board to ride. The thin profile enables the Super Nova to cut deep and hard into the water when on edge. The unique swallow-tail design helps to initiate turns and promote spins.

Neutron

BO-SKIS

Cat.
RRP Price
\$329 ~~\$299~~
1 Year Warranty

The Neutron has a twin tip design for multi directional shredding and a continuous rocker for huge airs and soft landings. The Neutron is shaped with moulded in fins for extra edge hold and the cushy kneepad keeps you riding longer. A great kneeboard for all ability levels to enjoy, the Neutron also incorporates our easy pop up handle holder.

Ricochet

O'BRIEN

Cat.
RRP Price
\$479 ~~\$429~~
1 Year Warranty

Built with the same quality materials as O'Brien's flagship boards, the Ricochet brings pro-level performance at a price much less than you would expect. Twin tip design and soft V-Hull equal performance and riding ease. Compression moulded deck coupled with a moulded in hook for easy starts.

Kneeboards & Accessories

Element

WATERSKIERS
HO-SKIS

H.O.'s most universal kneeboard is a slightly narrower version of the Joker. The thinner profile and hard rail edge make the Element perfect for cutting and jumping front side or fakie. Extra width under the knees makes this a board that practically jumps off the wakes on its own! This classic ride comes standard with our pilot seat pad and 3" single-locking strap.

Agent

WATERSKIERS
HO-SKIS

The Agent is the ultimate in performance kneeboards with its wakeboard inspired shape, 2-stage rocker design, diamond tip & tail shape, curved flow channels and a soft landing spine topped off with a double locking strap and super comfortable knee pad. This board will set the mark in performance kneeboarding.

Tempest

WATERSKIERS
JOBE

The wide based tip design of the Tempest combined with its moulded-in fins help make the Tempest a fun, stable, and comfortable board for all users. The moulded-in fins provide added stability yet still allow for a steady rail-like edge. Kneeboarders of all levels will appreciate the stability, while advanced riders will like the extra width under the knees which helps soften landings. The Tempest comes standard with our Ultra seat pad for added comfort and a single locking strap.

Rush 5150

WATERSKIERS
O'BRIEN

The extreme rocker line and hand shaped variable bevels provide smooth edge to edge transitions and ultimate pop at the wake. The 5150 pad features ultra-deep knee wells and dual density EVA construction for unmatched comfort and control. Equally at ease riding forwards or backwards, the versatile 5150 will take your riding to new levels. 2:1 ratio fully padded Cinch Strap

Joker

WATERSKIERS
HO-SKIS

Our biggest selling high performance kneeboard with a wider profile and extra rocker for huge pop off the wake. The Pilot Seat Pad has been anatomically shaped to fit the contours of your knees, legs and ankles providing ultimate control, support and comfort. A thinner profile and extra side-cut allows the rail to dig in for super responsive edge control. Double Locking Strap so you are totally locked on for performance.

Prophecy

WATERSKIERS
JOBE

The Prophecy's wide-tip design, moulded-in fins and aggressive rocker line all blend together to make it our most aggressive kneeboard to date. The moulded-in fins provide additional stability, yet still allow for a more responsive, controlled edge. Any new Kneeboarder will appreciate the extra stability, while advanced riders will like the added rocker and extra side cut to allow for serious pop off the wake. Comes with double locking strap.
